This Guide relates to this FlashforgeCreator Pro 2016 Upgrade Kit:

<https://www.bondtech.se/en/product/flash...>

Introduction

The Bondtech extruder upgrade kit for Makerbot and clones uses high-quality industrial pneumatic push-fit fittings for attaching the bowden tube. It has also thread inserts to have a strong connection of the fasteners.

This new revolution in design utilizes the Bondtech Dual Drive Technology with precision CNC-manufactured parts which gives the markets best performance and reliability.

Important

This guide shows the installation on a Makerbot Replicator 2X, this guide can also be used for installing the Bondtech kit on Replicator 2, Flashforge and CTC clones as they are almost identical clones.

You will need :

TOOLS:

- [2.5mm Hex Key](#) (1)
-
