INTRODUCTION

This guide demonstrates how to edit the title of an Item or Wiki.

Step 1 — How to Edit the Display Title of a Wiki

The left screenshot shows the main page of a wiki article titled "Material Safety Data Sheet - Calcium Chloride Solution". The "Edit" link is highlighted in the top right corner. The right screenshot shows the editing interface for the same article. The "Display Title" field is highlighted in green, and the text "Material Safety Data Sheet - Calcium Chloride Solution" is entered. The "Table of Contents" section is checked, and the "Additional Information" section is visible.

- Click the Edit link in the upper right hand corner of your screen.
- Highlight the text under the "Display Title" section and type in the name of your new title.
- Hit save. You should now be able to view your new title!
-  Note that the page title will not change in the URL.
