INTRODUCTION

This guide demonstrates how to make a wiki page private and only visible to Authors, Admins, and anyone with the link.

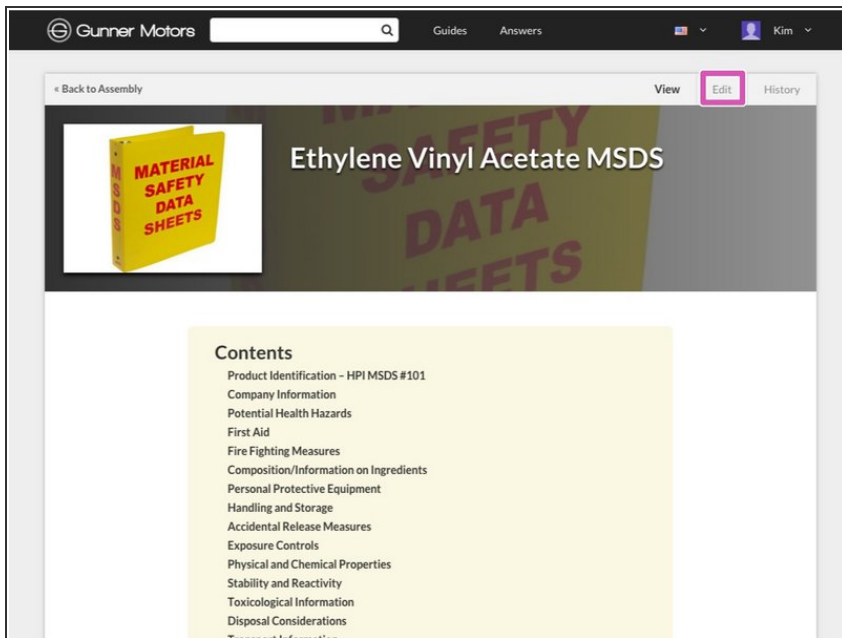

There may be situations when you want to restrict access to a wiki page. With Dozuki, you can make a wiki page private and only visible to Authors, Admins, and anyone with the link.

Step 1 — How to Make a Wiki Page Private

- Navigate to the wiki page you wish to make private.

Step 2

- Select **Edit** located on the top right of the page.

Step 3

The screenshot shows the 'Editing Ethylene Vinyl Acetate MSDS' page in the Gunner Motors wiki. The 'Additional Information' section is highlighted with a red box, containing the following text:

```
[flag|private]
== Product Identification - HPI MSDS #101 ==
* Ethylene Vinyl Acetate - EVA
* CAS Number - 24937-78-8
* ""Product Name:"" Ethylene-Vinyl Acetate
* ""Product Use:"" Multiple uses in many applications.

== Company Information ==

""Manufacturer:""
Sample Plastics, Inc.
```

- Add the following syntax in the **Additional Information** section to make the wiki page private.
- **[flag|private]**
