

DOZUKI

# How to Increase Videos' Maximum Length

This guide illustrates how to increase the maximum accepted length of videos from the default of 30 seconds.

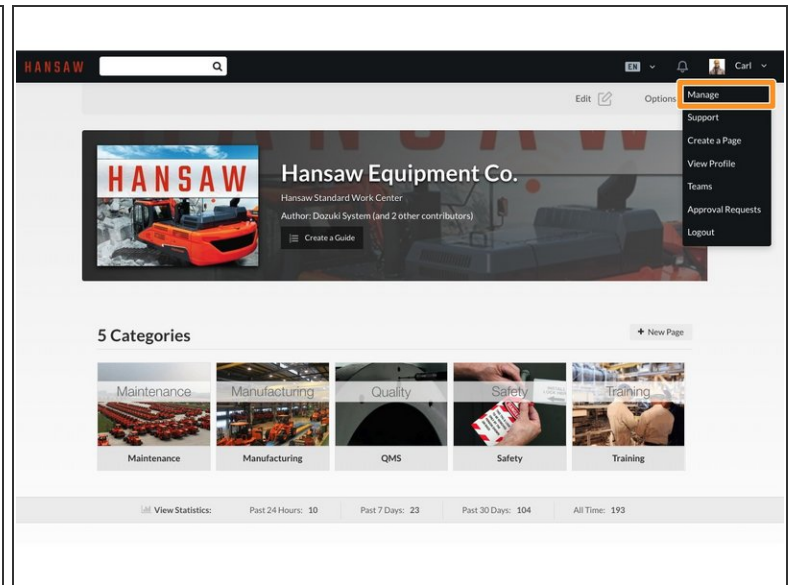

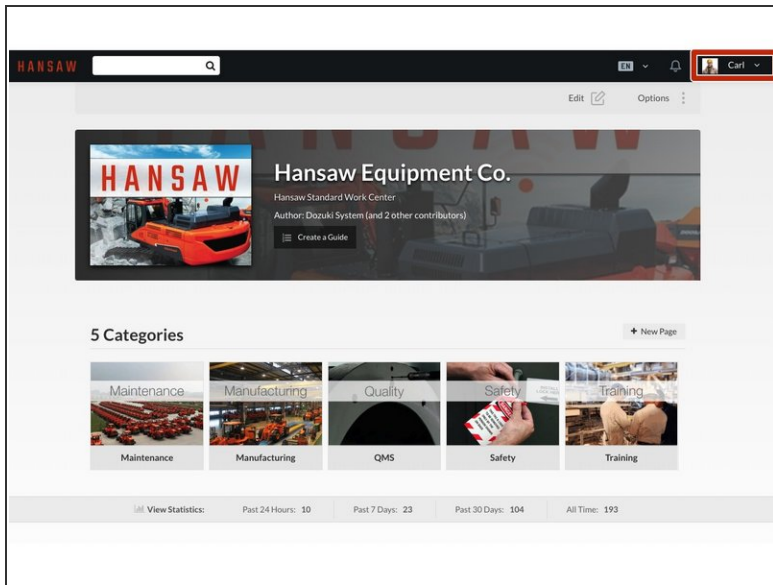

Written By: Dozuki System

## **INTRODUCTION**

This guide illustrates how to increase the maximum accepted length of videos from the default of 30 seconds.

## Step 1 — How to Increase Videos' Maximum Length

- Click on your user name in the right corner of the site header.
- Select **Manage** from the drop-down menu.

## Step 2

The image displays two side-by-side screenshots of a Dozuki configuration interface. The left screenshot shows the 'Guides' section with 'Maximum video length' set to 30 seconds, highlighted with an orange box and an arrow. The right screenshot shows the same section with the 'Maximum video length' field expanded to a form with a text input containing '90' and a 'Save' button.

- On the first page that opens, scroll down to **Maximum Video Length** under the **Guides** Section.
  - Select **Edit**.
- Adjust the maximum accepted length by typing in the new limit in seconds.
- ⓘ There is a hard limit of 5 minutes (300 seconds) for a videos' maximum length.
