07 Servo Montage

Written By: Jochen Krapf

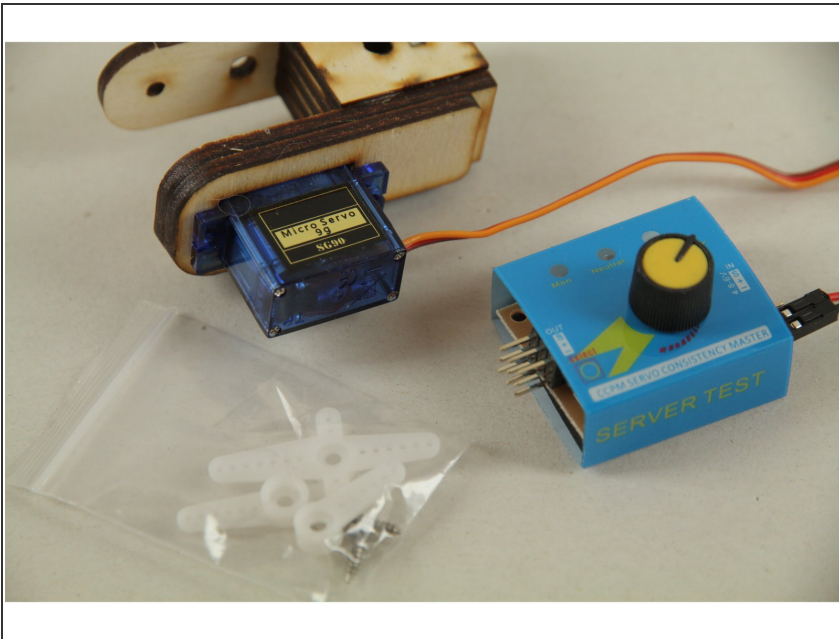

**TOOLS:**

- Schraubendreher PH1 (1)
- Servo-Tester (1)

**PARTS:**

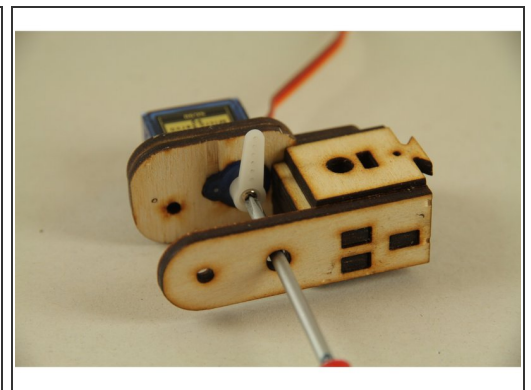

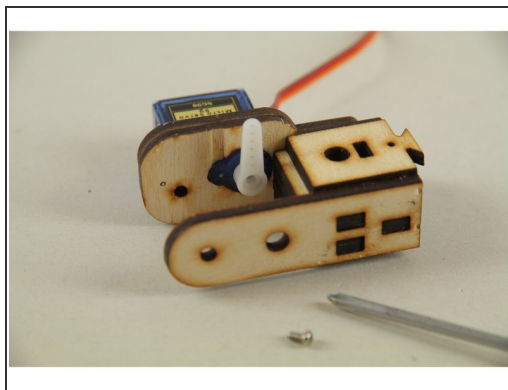

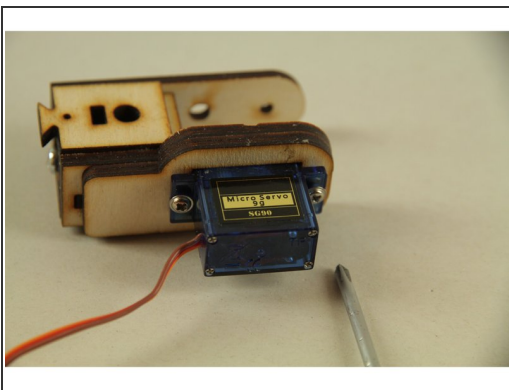

- Servo SG90 mit Hebel und Schraubensatz (1)

Step 1 — 07 Servo Montage

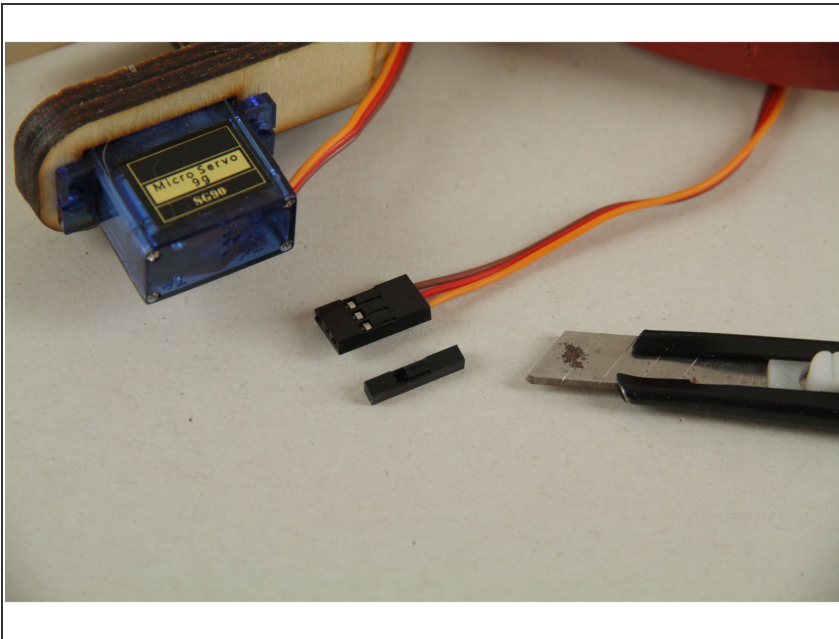

- Teile bereitlegen
- Servo per Hand oder Servo-Tester in Mittelstellung bringen

Step 2

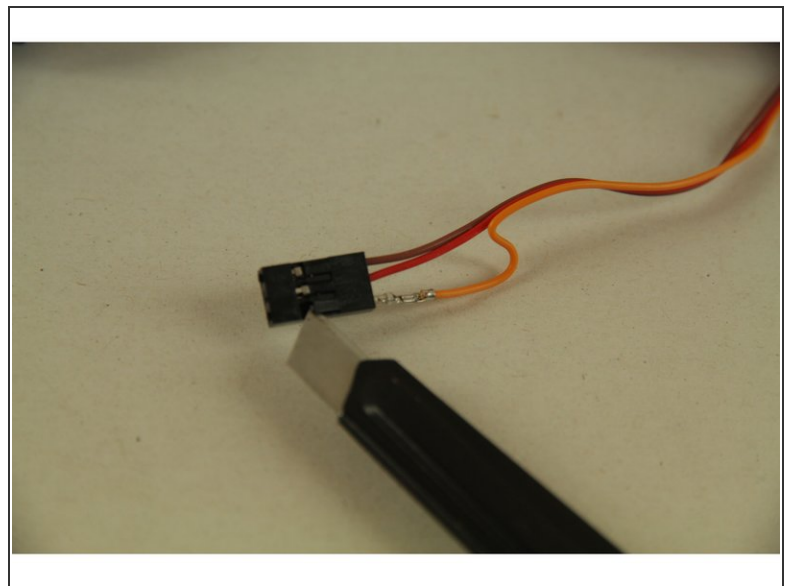

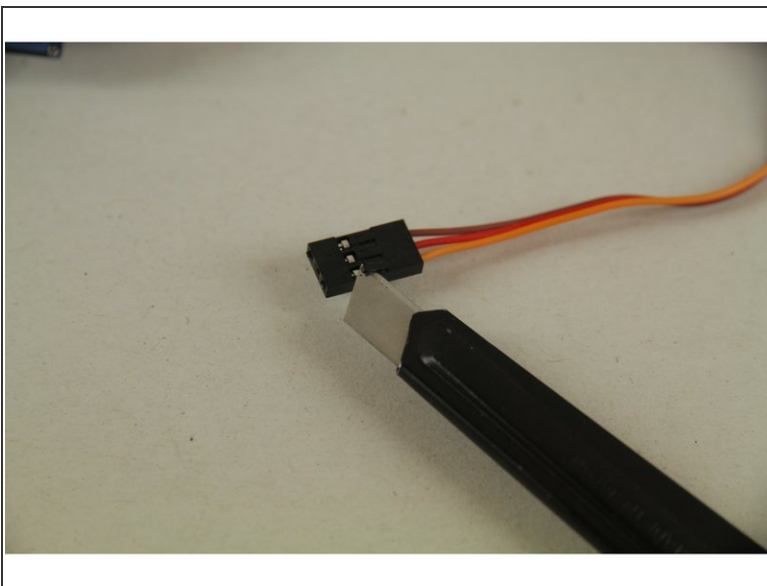

- Servo einsetzen
- Servo festschrauben. ACHTUNG! Nicht zu fest anziehen, da Flügel nicht auflegen
- Hebel in Mittelstellung aufsetzen und verschrauben

Step 3

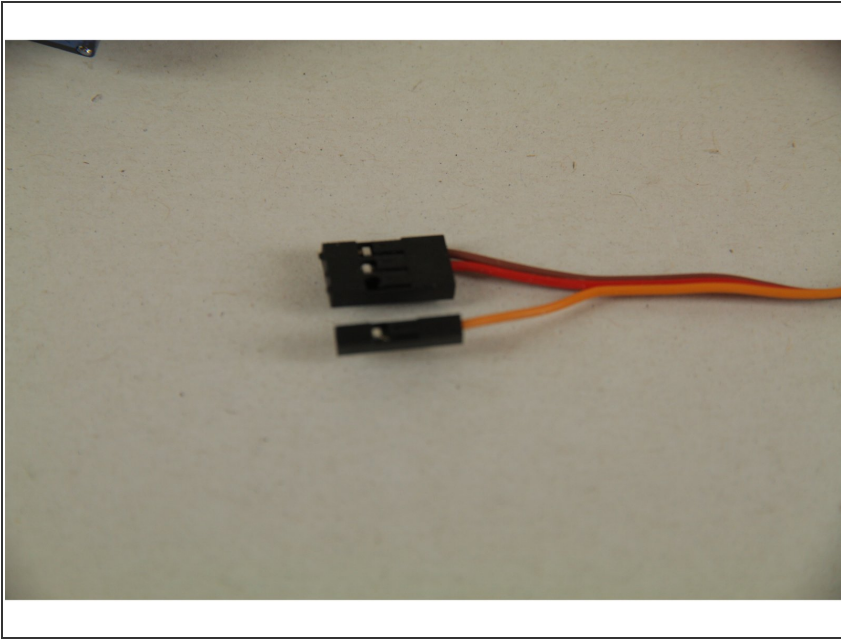

- Steckergehäuse bereitlegen

Step 4

- Haken vorsichtig anheben und Kontakt herausziehen

Step 5

- Kontakt in Stecker-Gehäuse schieben
