

Filter & Sort Reports

Want to manage your list of reports? Follow these quick steps to sort and filter your Report list.

Written By: Support

The screenshot shows the 'Farmobile Support' interface. On the left is a sidebar with navigation options: 'machines', 'fields', 'file Transfer', 'reports' (highlighted), 'downloads', 'reports', 'account', and 'farmobile Shop'. The main content area is titled 'Farmobile Support' and contains a 'FILTER REPORTS' panel and a 'REPORTS' list.

INTRODUCTION

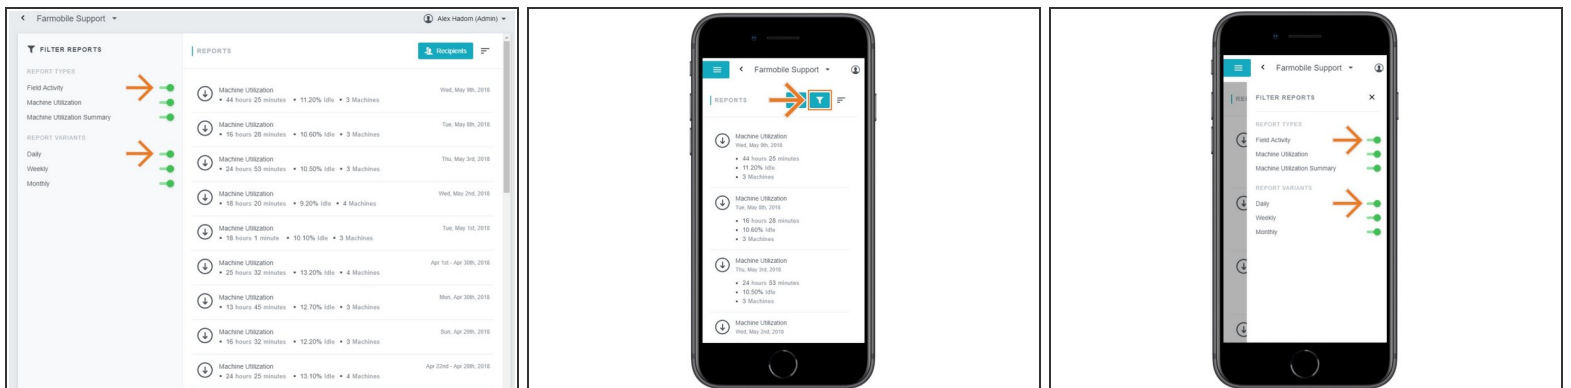

- The list of reports can always be filtered or sorted to display as needed.
- Users may filter reports based on report types and report variants.
- Users may sort reports based on key attributes and date created.

Step 1 — Select Reports from the Farmobile® DataEngineSM Menu

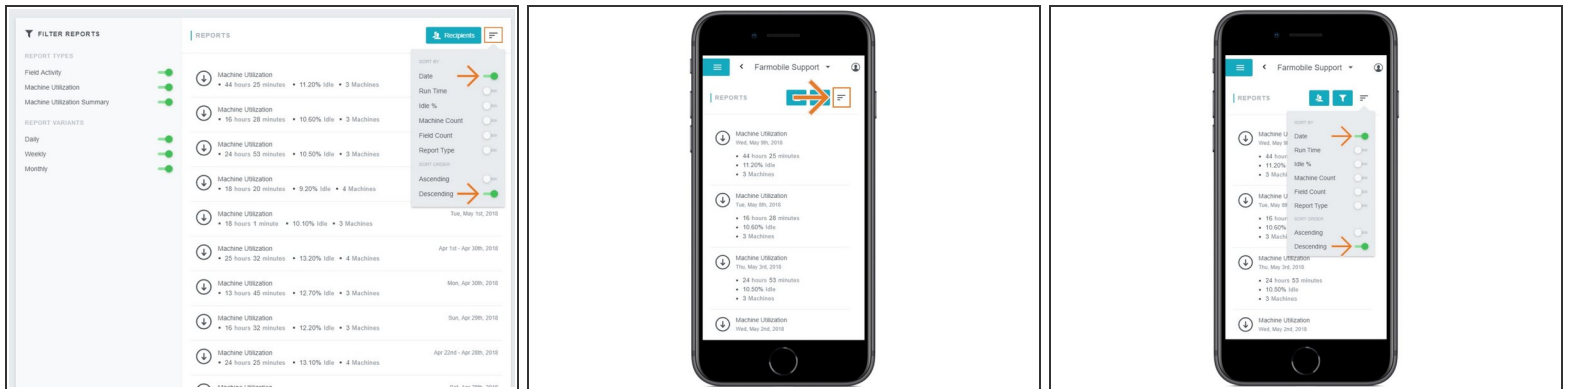

- Selecting 'Reports' from the Farmobile® DataEngineSM menu will open the 'Reports' page with all of your reports listed to review.

Step 2 — Filter Report List

- Mobile: First, select your filter button in the top right.
- Enabled filters are displayed as green.
- Selecting the toggle button will turn on and off the filtered attribute.
- You can filter your reports based on Report Types and Report Variants.

Step 3 — Sort Report List

- Select the sort menu button located top right of the report list.
- Enabled sorting attributes are displayed as green.
- Selecting the toggle button will turn on and sort the report list by that attribute.
- You can sort you reports based on key report values and ascending or descending order (date created).
