

# Reports Training Video

This training will show you how you can view and download Machine Utilization Reports.

Written By: Support

The screenshot shows the Farmobile Support interface. On the left is a sidebar with navigation options: Machines, Fields, Notes, File Transfer, Reports (highlighted), Downloads, Inputs, Account, and Farmobile Shop. The main content area is titled 'Farmobile Support' and includes a 'FILTER REPORTS' panel with sections for Report Types (Field Activity, Machine Utilization, Machine Utilization Summary), Report Variants (Daily, Weekly, Monthly), Sort Attribute (Date, Run Time, Idle %, Machine Count, Field Count, Report Type), and Sort Order (Ascending, Descending). The 'REPORTS' section displays a list of 'Machine Utilization' reports, each with a download icon, a summary of utilization (e.g., '15 hours 14 minutes', '10.90% Idle', '3 Machines'), and a date. An orange arrow points to the first report. A 'Recipients' button is visible in the top right of the reports section.
