

# CEB Feet

These versatile feet will keep your OSE machine stable.

Written By: Dozuki System

## INTRODUCTION

These simple feet attach to OSE legs to keep a variety of machines stable. [http://opensourceecology.org/wiki/CEB\\_Pr...](http://opensourceecology.org/wiki/CEB_Pr...)

### TOOLS:

- **Welder** (1)

### PARTS:

- **OSE leg holders** (1)  
*1 leg holder per foot*
- **Plate** (1)  
*1/4" metal, 8" x 8"*

## Step 1 — Weld the foot.

- Center the leg holder on the plate, ensuring it is square in all directions.
- Weld it 100% to the plate.
